

# What Is Sister Mystic?

*“Sister Mystic” is a spiritual program that will enhance your life and change how you perceive the universe. Susan Morrow is the mystic behind Sister Mystic...*

## What’s a Mystic?

A mystic is a person who senses things beyond what most human beings perceive in this life. In Susan’s case, mysticism involves fully understanding the answer to the age-old question “Why are we here?” and the Truths of living on the earth. And it includes gifts such as medical intuition, astral projection (out-of-body experiences), chakra and energy reading and healing, animal communication, and clairvoyance.

## What Are Sister Mystic Events?

There are four, two-hour Sister Mystic Events that make up the Sister Mystic Program. Two of the sessions involve interactive lectures and the other two involve other activities. **All events enlighten the participants, teach them how to be happier, and expand their spiritual horizons.**

**Part 1, Old Truth, New Wisdom:** This fun, enlightening, interactive lecture presents the basics of modern spirituality. Bring your “woo-woo” stories to share! This isn’t about religion—it’s about love and joy—and that’s what we are all doing here.

**Part 2, Living in Love:** This interactive lecture goes more in-depth to teach participants to live in love, find and experience joy, and to understand some of the more complicated questions. *(Hint: Everything is actually pretty simple!)*

**Part 3, Spirit Check-ups:** In Part 3, Susan “reads” some of the people in the group. While not everyone will get be read, with public readings, there is something for everyone within earshot. This is where you learn what’s going on in your body and spirit!

**Part 4, The Four R’s of Manifestation:** In Part 4, you will learn more specifically about manifestation, the art of consciously creating things and experiences you enjoy, plus we have a group meditation. Bring a pen and paper for this one!

## What Happens in a Private Reading with Sister Mystic?

In a one-hour private reading, you and I become still and quiet for a moment. We talk about any issues that may be on your mind. Then I read your chakras and “look” at all your organs. I describe and draw what I see, then tell you what that means in my interpretation. Working together, we determine the spiritual causes of any physical or emotional situations. I promise that you will feel great after a reading!

## What’s in It for Me?

This is a special question, because one of the best things you can do is to love yourself, honor yourself, and get good stuff for *you*! When you do those things, you will find that you want to share your happiness with others, so acting “selfish” is actually very generous, both to yourself and to your fellow human beings! **Would you like to be happier, with a better life, better relationships, and improved situations of all kinds? Would you like to understand more about living in love and releasing fear? That—and much more—is what’s in it for you!**

## What Else Is Sister Mystic Doing?

Naturally, the first Sister Mystic book is in the works! Events are being held regularly, full programs at least monthly, in Austin and other cities. And Susan always makes time for private readings.
